### **DECISION AWARDING DAMAGES<sup>1</sup>**

On July 5, 2017, Beth Nemechek filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*<sup>2</sup> (the “Vaccine Act”). Petitioner alleges that she suffered from Guillain Barre Syndrome caused by an influenza (“flu”) vaccine administered on November 11, 2015. Petition at 2. Petitioner further alleges that the vaccine was administered within the United States, that she suffered the residual effects of her injury for more than six months, and that there has not been an award or settlement from any civil action related to her injury. Petition at 2. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On March 29, 2018, a ruling on entitlement was issued, finding Petitioner entitled to compensation for GBS. On January 27, 2021, Respondent filed a proffer on award of compensation (“Proffer”) indicating Petitioner should be awarded \$244,064.21
